German *(telc B2 Beruf - 2024)*

Interests

Running

marathons - road and trail

Summary

Fullstack software engineer, with a strong fondation in JS/TS. Proven ability to quickly master new technologies and integrate them into complex projects. Demonstrated success in transitioning between diverse technology stacks and delivering high-quality solutions in fast-paced environments. Passionate about continuous learning and staying up-to-date with the latest industry trends.

Experience

French teacher
01/2020 - Present

Teaching French online/in-person for private students

Software Engineer at Taxfix
02/2019 - 08/2024

Taxfix is a digital platform that simplifies tax filing for individuals by offering an intuitive, mobile-friendly solution to quickly and accurately complete and submit tax returns.

- Launch of a new product
- Complex business logic: tool for tax experts to work on the users data
- Microservices environment
- Migration to Domain-Driven Design
- Reverse engineering of official tax returns software

Software Engineer at iConsultants
02/2019 - 03/2016

working for Crédit Agricole - leading French banking group

I worked on VoIP apps to route phone calls to bank employees in real time.

- High volumes: 600k+ calls/day for 80k+ employees
- Cisco JTAPI, MQTT
- Migration from Java6/JBoss to Java8/Tomcat8
- Deploy on new infrastructure (600+ servers)
- Production incident solving

Education

Cned, FR
01/2018 - 12/2019

DAEFLE - Certificate to teach French as a Foreign Language

Université Paris-Est Marne-la-Vallée, FR
09/2008 - 08/2010

Master of Software engineering

Volunteer

Captain at fernOST (ex-KTB running club)
05/2024 - Present

Multicultural sports community

- Successfully organize and manage running/climbing events: coordinate logistics, promote events, and ensure a positive experience for all participants
- OUTO Changemaker programm [entrepreneurship course for organizations offering outdoor activities to PoC]
